---

This catalogue contains a selection of essential protection products that we have in stock, ready for immediate despatch.

We're developing new products all the time and we advise you to keep coming back to our website [FIRSTDISPLAY.CO.UK](https://firstdisplay.co.uk) to see what's new.

---

#### BESPOKE PRODUCTS

All products can be personalised with your company logo and designed to specific sizes. Contact us for details.

To order, refer to the product ID and the separate order form, then email to: [team@FIRSTDISPLAY.CO.UK](mailto:team@firstdisplay.co.uk) or call us on **0131 443 4164**.

Products are subject to change, please refer to the website.

**hygiene**  
SCREENS

---

According to the WHO (World Health Organisation), Coronavirus mainly spreads through the air when an infected person coughs or sneezes. A sneeze/cough screen can be fitted to service counters desks and reception areas, serving as a physical barrier between staff and customers to minimise exposure to potential infection.

---

With social distancing ever-present in our working and personal lives, we provide simple but highly effective solutions for protecting staff and customers that fit in seamlessly with your daily tasks and procedures. So normal service can resume sooner than you think.

We have different types available: Basic, Classic, Premium and Luxury. Our standard stocked items are available in Classic spec and come in the following sizes: 600mm x 800mm, 800mm x 600mm and 1200mm x 800mm. These come as full screens or with cut-outs. The cut-outs are for passing products/documents through to clients and for taking payment.

Generally produced from 5mm acrylic, PET-G or Polycarbonate, these can be made to measure for any bespoke size up to 3000mm (3m) x 2000mm (2m).

Please enquire at: [team@FIRSTDISPLAY.CO.UK](mailto:team@firstdisplay.co.uk)

## hygiene SCREENS

Made to measure or off the shelf Basic, Classic, Premium and Luxury ranges available.

Bespoke sizes up to 3 metres by 2 metres.

Please enquire at:  
**team@FIRSTDISPLAY.CO.UK**

## hygiene SCREENS

### Desk divider brackets

Utilise our desk divider brackets to create hygienic partitions with bespoke perspex screens.

Alternatively, see below for our free-standing selection.

Please enquire at:  
**team@FIRSTDISPLAY.CO.UK**

### Free-standing partition screens

1000mm x 1000mm x 400mm  
1000mm x 2000mm x 400mm

Use our premium free-standing partition kits to create barriers for social distancing, or use as desk space dividers and directional aids.

Perfect for retail, office or educational environments, with oval steel feet for a sturdy and stable unit.

Please enquire at:  
**team@FIRSTDISPLAY.CO.UK**

## antimicrobial FILM

15 YEAR GUARANTEE

**PROTAC ANTI-BACTERIAL FILM** is textured polyester laminating film with a durable antibacterial additive. It offers reliable protection from mould growth and bacterial contamination, including MRSA, Streptococcus, E.coli, Salmonella and more.

Protac Anti-Bacterial laminating film is ideal for use in environments where hygiene is crucial, such as schools, nurseries, restaurants, cafeterias, hospitals, reception areas, lifts, pubs, and public doorways.

Protac Anti-Bacterial Film's textured finish gives it good resistance to abrasions. It is resistant to chemicals and many common household cleaners, allowing for ease of cleaning.

Protac Anti-Bacterial Film is a very high specification film with the anti-bacterial agents active within the film itself – not just added as a lacquered coating. When the film is wiped clean, the antibacterial properties remain – making Protac Anti-Bacterial Film the ideal choice for environments where cleanliness is essential.

First Display not only offer these Germ Free Antimicrobial pads, but can also provide the film by itself with installation, if required.

Bespoke sizes are available in addition to our stock products. Please enquire at: [team@FIRSTDISPLAY.CO.UK](mailto:team@FIRSTDISPLAY.CO.UK)

## Floor VINYLs

Choosing a floor vinyl from us couldn't be simpler. If it's a durable, long-term option you're looking for, by combining two professional media together, we've created a suite of high-quality solutions for your business that are compatible with a vast range of flooring surfaces.

If you're in need of a great value short-term alternative, we can also supply basic stock vinyls and laminates. But please be aware that these products do not conform with R-rating safety standards and are not covered by insurance. For further information, please enquire at: [team@FIRSTDISPLAY.CO.UK](mailto:team@FIRSTDISPLAY.CO.UK)

### INDOOR HARD FLOOR VINYLs

Printed on Drytac Premium Polymeric, grey-backed vinyl. A grey backing prevents any show through from the floor, and the polymeric vinyl is anti-shrinking and comes laminated with an R10 safety anti-slip laminate. This is a premium product ideal for smooth floors. The perfect partner for tiles, painted floors, vinyl, and smooth steel. The lifespan of the product is 6-12 months.

### CARPET & OUTDOOR CONCRETE VINYLs

High Grip (grey-backed) coupled together with Drytac R10 anti-slip laminate make the ideal vinyl for short pile office style carpets and carpet tiles, and smooth concrete/concrete slabs. The warranty on these products is 12 months. The adhesive could damage the top of carpet tiles if the vinyl is removed.

### INSTALLATION

These are easy to install, provided that air is pushed out and edges are smoothed over. All surfaces must be clear of dust and debris, and the substrate has to be dry before fitting.

## wall SIGNAGE

These are produced on foam board. Printed direct to the board, they come with double-sided tape to adhere to the wall with ease. Circular signs are 5mm thick and our square variety have a thickness of 3mm. These three-dimensional signs stand out in any workplace and are a great eye-height reminder to practise staying safe. 600mm signs are available from stock in three styles for the bigger workplace, such as a warehouse.

Please enquire if you require something larger. We can produce up to two metre circular signs and 3050mm x 2050mm printed signs.

All of our products can be personalised with your company logo and designed to specific sizes.

Please enquire at: [team@FIRSTDISPLAY.CO.UK](mailto:team@FIRSTDISPLAY.CO.UK)
